

Marián Gloser

Student

About me

I am a 3rd year bachelor student at Bocconi University studying Mathematics for Artificial Intelligence. My interests are particularly Number Theory, Analysis, AI and Coding.

personal

Marián Gloser
nationality: Slovak
10/01/2002

Areas of specialization

Analysis • Number Theory
• AI

Interests

Mathematics overall,
Computer Science, playing the
Piano, Drawing

SHORT RESUMÉ

2021–Present

Bachelor in Mathematics for AI

STUDENT • Bocconi University 📍

I enrolled in 2021 mainly out of the motivation to study as much mathematics as possible. The program covers a wide range of subjects, focusing mainly on Maths and Computer Science, such as Mathematical Analysis, Algebra, Machine Learning, Classical Physics, Quantum Mechanics and more.

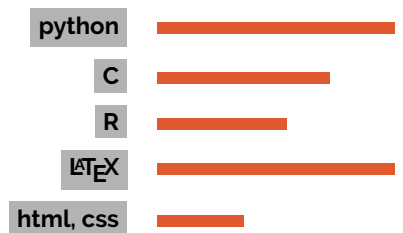

LANGUAGES
